## GREENTREES village mobile resort

## neighborly good times

... you'll have lots of them at Greentrees Village, especially at the handsome, spacious Clubhouse! Here, in relaxed informality, join your friends for cards or other games, including billiards or ping pong; swim and sun yourself at one of the pools; tone up with a sauna and shower; take in a movie; even cook in the club kitchen! Other good times are yours to enjoy on the great Siuslaw River, flowing past the resort to the ocean just beyond. Right here is some of the best fishing on the coast... just yards from your own doorstep!

## woody privacy

... the heart of Greentrees Village life! Imagine ... for you, and no one else ... a secluded, cozy clearing in the coastal woodland ... a haven amid flowering rhododendrons, leafy huckleberry bushes, and stately pines. Space aplenty for your travel trailer, mobile home ... and for a good-size yard! At Greentrees Village, nature's garden has been tamed and shaped just enough to make you comfortable... Within minutes of your arrival, you can be hooked up to all the underground utilities, cable TV included. And at all times you can rest assured that your privacy is being protected by the caretakers and security gates.

## relaxing charm, practical convenience

...yours in Florence, the town around the corner from Greentrees Village! Centrally located on the Oregon Coast, this community of about 2,200 is humming but unhurried... as you stroll its picturesque streets and wharf, your eyes and ears will be delighted. And whatever goods and services you may desire, Florence will supply them: department stores and supermarkets, specialty shops and restaurants, dentists, doctors and a fine hospital... they're all at hand. Oregon's second largest city, Eugene, is only 65 miles eastward along a scenic highway. The home of the University of Oregon, this busy center of about 85,000, will await your occasional visit for a concert, sports event, shopping trip, or evening on the town.
